

**AMENDMENTS TO THE DRAWINGS**

Please amend Figures 3 and 4 as shown on the enclosed replacement sheets.

In particular, reference numerals are added to Figures 3 and 4.

**REMARKS**

The foregoing amendments are made to correct minor typographical errors and to conform the specification and claims to preferred U.S. format. No new matter is added.

In particular, the amendments to the specification at page 1 and 3 and the amendment to claim 5 are made to return these paragraphs and claim to their originally filed condition (except for modifications to preferred U.S. format). Support for these amendments may be found in the specification and claims as originally filed. For example, the term "packing" is amended to "picking." See, page 1 and claim 5 of the application as originally filed.

The amendments to page 9 are also fully supported by the specification and claims as originally filed. For example, the amendments to the paragraphs on page 9, beginning at line 3 are supported by the application as originally filed at page 2, lines 6-18.

The amendments to the specification beginning at page 10 simply add reference numerals where appropriate to correlate with the reference numerals added to the drawings.

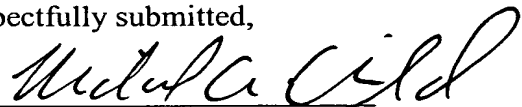

The amendment to claim 9 is fully supported by claim 9 as originally filed, and the amendment to claim 12 is fully supported by the specification as originally filed, for example at page 2, lines 6-18, and page 12, line 10.

In view of the amendments, applicant believes the pending application is in condition for allowance.

September 18, 2006

Respectfully submitted,

By
